

## For Immediate Release

November 2017

**Puslinch, ON** – TarpDevil and Turf Care Products Canada Limited are pleased to announce that they have formed a new exclusive distribution partnership within the provinces of Ontario and Quebec in Canada.

TarpDevil was introduced to the turfgrass industry with great fanfare in late August of 2017. The first of its kind, TarpDevil is the industry's new solution to reduce the burden of collecting and deploying covers on the golf course and in the sport turf and equestrian arenas. This tractor mounted, hydraulically controlled cover management system exponentially reduces the labour required to manage tarps in spring and fall. *"We are thrilled to have forged a partnership with a progressive industry leader in Turf Care. They have a long-standing reputation of serving their clients with best of class solutions and we couldn't think of a better partner in the Ontario/Quebec corridor for our first product." - Jordan Kitchen, President, TarpDevil.*

*"We couldn't be more pleased to announce our relationship with this innovative company and product. Turf Care has always sought to bring leading edge solutions to its customer base and TarpDevil fits that description flawlessly. We are proud to add this unique and Canadian product to our distribution portfolio." - Tom Fischer, Sales Manager, Turf Care Products Canada*
